## THE FESTIVAL MOVES TO PLUMPTON

The 9th National Jazz, Blues, and Pop Music Festival has moved to Plumpton Racecourse, Near Lewes, Sussex. This late change of venue is a change for the better as the new Festival site is a far superior one with better and greatly improved facilities to those at West Drayton.

The Marquee Club is well represented at the Festival with this season's resident groups very much in evidence—**King Crimson**, **The Spirit of John Morgan**, **Yes**, **Blodwyn Pig**, **The Village**, and **Circus**, plus the jazz combos of **John Surman** and **Keith Tippett** who are actively involved with our "New Paths" sessions combining jazz with progressive pop.

This year's Festival demonstrates the wide variety of the present-day music scene ranging from the unique, avant-garde **Pink Floyd** through the revitalized music of **The Who** to the jazz and classical roots of **The Nice**.

Added spice is provided by **The Soft Machine**, the debut of Noel Redding's "**Fat Mattress**", the **Bonzo Dog Band**, the **Pentangle**, the **Family**, the **Chris Barber Band**, and a special presentation featuring the London cast of the phenomenal rock-musical show "**Hair**".

Many now famous British groups currently touring the U.S.A. made their first important appearances at our previous Festivals, namely **Eric Clapton** and **Ginger Baker** with **The Cream**, **Ten Years After**, **Jethro Tull**, **John Mayall**, and **Joe Cocker**. We are confident that more relatively unknown groups will distinguish themselves at this year's Festival and join the aforementioned list of "greats".

I trust that you'll be able to join me at the Festival and see and hear for yourself.

General Manager—Marquee Club
